Primary School

Welcome to Primary School

Primary School is a welcoming, nurturing and inclusive school where children, families and staff feel they belong.

Our holistic curriculum teaches children to aspire to be the best they can be. Working alongside our parents and local community we offer children an engaging and experiential curriculum that promotes lifelong learning.

We value the uniqueness of individual learners and believe that all children can achieve. We understand the important influence our school has on young minds and the capacity to shape children's lives. We empower children to become responsible citizens who make a positive contribution to our diverse wider world.

As a school we value:

- the happiness of children, families and staff.
- nurturing staff who respect and know the children very well.
- a sense of belonging during children's formative years.
- a stimulating and challenging curriculum, suited to children's needs, enabling them to reach their full potential across all areas of learning.
- praise and celebration of the achievements of every child.
- raising aspirations and a commitment to lifelong learning.
- the development of self-confidence, self-motivation and independence.
- co-operation, collaboration and teamwork.
- exciting but safe and secure spaces, indoor and outdoor, where children can explore, discover and experiment.
- working in partnership with others to meet the needs of all the children and their families.
- all aspects of British life and culture; democracy, rule of law, celebrating differences, diversity, and preparing children for life in Modern Britain.
- support from our keen governing body.
- the natural environment, the local community and the wider world.
